1 MINOR IN SOCIAL ENTREPRENEURSHIP
Open to all majors, the social entrepreneurship minor provides a foundation in the context and practice of social entrepreneurship, as well as an understanding of its relationship to government and public policy. Students also learn management skills specific to starting and maintaining a social enterprise.

2 MASTER OF SCIENCE IN SOCIAL ENTREPRENEURSHIP (MSSE)
The Master of Science in Social Entrepreneurship is a business degree with a social conscience. It is the first program of its kind at a U.S. business school.

3 SOCIAL IMPACT SCHOLARS PROGRAM
This year-long mentoring and skills-building experience is designed for juniors and seniors committed to pursuing social impact careers. BSEL scholars receive mentorship from a leading social impact professional, access to the BSEL student and professional network, invitations to exclusive networking opportunities and more.

4 WARREN BENNIS SCHOLARS PROGRAM
The Warren Bennis Scholars Program is a university-wide initiative offered by the USC Office of Provost in partnership with the BSEL. Each year, 20 students across academic disciplines are selected at the end of their sophomore year to participate in the two year leadership program. Bennis Scholars receive intensive leadership training through an honors colloquium (1 unit course each semester for 4 semesters) and a variety of activities designed to develop lifelong commitment to community service. The application cycle begins in January.
